THE BANNER.

Wm. M. Harper, Local Editor.

Mount Vernon, Sept. 27, 1872.

LOCAL BRIEFS.

New gas pipes are being laid on Vine street, West of Main.

The Richmond County Fair will take place on the 23, 24 and 25 of October.

A three month old baby was found on the steps of Mr. Isaac Baker, in Newark, a few mornings since.

A German Democratic paper (the Courier) will soon be commenced at Mansfield, by Messrs. Felbach & Thoma.

A young man in Delaware Co., was fined \$15 for entering a molen pit and helping himself to some of the fruit.

Mrs. Phillips, of Free-riekton, was not among the killed at the recent Railroad disaster. She was but slightly injured.

The heaviest man at the Pat. Convention, at Put-in-Bay, was John Templeton, of Swanton, Ohio, whose weight was 413.

How to make a noise in religious circles—Walking into church late with a pair of creaking boots blowing your nose violently.

Nathan Kirby exhibited four mammoth squashes at our County Fair, this week, weighing respectively 72, 75, 80 and 80 pounds.

Howard Harper, of the Banner Job Office, displays two hundred and twenty specimens of fine printing at our County Fair.

T. A. Anderson & Co. have opened a splendid new Furniture establishment, on Mead & Abbott's Grocery store, on Main street.

Mrs. Elizabeth Robinson, mother of Hon. J. W. Robinson, the Republican candidate for Congress in this district, died at Mansfield, on Wednesday, Sept. 18, aged 70 years.

Among the latest patent contrivances designed to stop runaway horses, is a pair of blinders by which the driver, on pulling a cord, instantly and effectually blinds the animal.

The Hardy Coal Company, of Holmes county, have completed a branch of railroad to their mines, some two miles in length, and are now shipping car loads of coal, daily, to Mt. Vernon.

MARRIED—At the residence of the bride's mother, Waterford, Ohio, September 18, 1872, by Rev. Robert Morrison, Mr. James H. Ackerman and Miss Anabella Smith.

Our County Fair.

Our County Fair is now in the full tide of success; but as our paper this week goes to press one day earlier than usual, we are unable to give a full account of the exhibition.

In the way of Agricultural Machinery, such as Reapers and Mowers, plows, wagons, corn huskers, etc., there is a good display.

The display of horses is the largest ever made at a Fair in Knox county. There are some splendid horses on exhibition, which are a credit to the county. The following horses have been entered as competitors for trotting and pacing: "Rattling Jim," "Davy Hunter," "Queen of the West," "Velocepede," "Silverides," "Copper Bottom," "Frank Shaw," and others.

There is a fine display of sheep, entered by the following parties: E. S. Beebe, McFarland & Capper, J. H. Holmes, John R. Bailey, Thomas Caldwell and others.

In the way of cattle, we noticed some splendid animals, exhibited by John Eyal, James Martin, Ira M. McFarland, Wm. Smith, S. L. Taylor, James Johnson, John Berry and others.

Of Hogs, the entries are not large but are good. The exhibitors are Samuel Rinehart, Wm. C. Flagg, John Wilson, S. L. Taylor and others.

There is a respectable display of chickens, ducks, geese, guinea fowls, etc.

Floral Hall under the superintendence of R. D. Hunsberger, presents a grand appearance. It is crowded with useful and ornamental articles, among which we may mention Musical Instruments, Sewing Machines, Paintures, Photographs, Stoves, Hardware and Cutlery, Harness, Groceries, Flowers, Wax-work, Needlework, Oil Paintings, Crayons, Vegetables, Fruits, Grains, etc. As usual, the Hall is the centre of attraction, and is filled with ladies and gentlemen.

Owing to the unfavorable state of the weather on Wednesday, the officers of the Society have concluded to extend the Fair until Saturday.

Another Railroad Accident on the H. & O. Railroad.

Saturday afternoon last the engine and tender of a construction train, on the Baltimore & Ohio Railroad, left Fredericktown for Mt. Vernon, for the purpose of taking water. A gang of laborers were at work about a mile above Mt. Vernon, and two or three rails had been removed from the track. The usual signal of danger—the red flag—was displayed, but either from negligence or oversight, it was not heeded. The engineer discovered his danger too late, and reversed the engine, but it dashed on the ties, and was precipitated down the bank, some twenty feet, completely demolishing it. The engineer, by name John Holland, and the fireman, named Lovejoy, were terribly scalded, the former from head to foot. They were brought to Mt. Vernon, where they were attended by Dr. Stamp. The evening express conveyed them to their homes at Lexington. Holland, the engineer, died from his injuries on Monday. Lovejoy will probably recover.

Success of a Mt. Vernon Boy.

Our late foreign correspondent, Mr. L. B. MASTONYA, who only twelve years ago, was a clerk in a Mount Vernon, purchased some 3000 acres of land, three miles from Marion Centre, the county seat of Marion county, Kansas. A railroad is now in process of construction through Marion county, which will make the land worth at least \$10 an acre, or \$30,000 for the whole tract. We are pleased to learn this, and wish him continued success. Mr. M. is now engaged in the wholesale Boot and Shoe business, Chicago.

Change of Hotel Proprietors.

Last week Mr. Wm. BERGIN, whose health has been poor for some time past, disposed of the Berghin House to Mr. T. J. McBRIDE, of Piqua, who is an old hotel proprietor, and has the reputation of being a popular and agreeable landlord. Mr. McBRIDE paid the sum of \$7,000 for furniture and fixtures of the rooms, and \$1,800 per year, rent for the hotel. Mr. BERGIN has not yet decided where he will make his home.

Another Glorious Meeting.

Although but short notice was given, and but little effort made, the meeting of Democrats and Liberal Republicans, at the Court House, on Monday evening, to hear the Hon. WILLARD WARNER, late Republican U. S. Senator from Alabama, was a grand and brilliant success. Previous to the meeting, there was a splendid torch-light procession—fully 300 torches being in line, and every one carried by a voter.

Our large Court House was crammed to overflowing, and many were compelled to go away without being able to get inside. L. HARPER presided, who introduced Gen. WARNER to the meeting, when that gentleman, for the space of two and a half hours, entertained his audience with one of the most clear, argumentative and logical speeches ever listened to in this country.

Induced, every eye was eagerly surprised at the extraordinary ability displayed by Gen. WARNER as a speaker. His remarks were principally confined to the war and its consequences, and he showed that while the Grant party seek to keep up the bitter strife, the animosity and the hatred engendered by the war, so as to continue their party in power, the Liberal Republicans and Democrats, who support HORACE GREELY, advocate the sublime christian doctrine of "peace on earth, good will towards men." General WARNER paid his special respects to Columbus Delano, who, in his Cincinnati speech, on Saturday evening, had the impudence to assert the monstrous falsehood that the supporters of Horace Greeley are nothing but a body of traitors. Such a remark from a man like Delano, who kept his own precious body out of the war, and also kept his big able-bodied son, who was drafted, out of the war, was denounced as false, malicious and cowardly. Gen. WARNER closed his eloquent remarks with an earnest appeal to Democrats and Liberals to stick together and vote together at the October as well as the November elections, so as to secure the overthrow of the Grant party, and bring about lasting peace and good government throughout this broad land. The meeting closed by giving three rousing cheers for General WARNER, three cheers for Horace Greeley and three cheers for the next Congressmen.

Still Another Meeting.

Hon. J. TWING BROOKS, late Republican Senator from Columbian county, addressed a good meeting of the Greeley and Brown Club, at the Court House on Tuesday evening. For over two hours Mr. Brooks entertained his audience with a powerful and argumentative speech, setting forth the reasons why Republicans as well as Democrats should support Mr. Greeley. He is a pleasing and earnest speaker, and his remarks were listened to with profound attention.

Pocket-Book Stolen.

The Editor of the BANNER, (accompanied by his wife) while in Newark on Friday morning, on his way to Columbus and Cincinnati, was surrounded by a crowd of about 40 persons in the midst of a crowd at the Railroad depot, and his pocket-book containing about sixty dollars in money, some notes, checks, orders, Railroad passes, and other valuable articles was stolen. A man was arrested on suspicion of being the thief, and although many articles were found in his pockets which were no doubt stolen, (a lady's fine watch among other things), our property was not found on his person. We have since learned that the pocket-book was picked up on the track of the Railroad, a short distance west of Newark, with everything in it but the money, and it is now safe in the hands of one of our friends in Newark.

Shooting Affair.

At the Hartford Fair grounds there was a tent and platform inside, where crowds of youngsters of both sexes, amused themselves by dancing, during the Fair. On Friday, while the tent was crowded, it was claimed that a young fellow named Chas. Shears, from Newark, had insulted one of the ladies. A young man, who was standing by, took the part of the lady, when Shears deliberately drew out a pistol and shot him, the bullet passing through the fleshy part of the wrist, and also through his clothes, making a slight mark upon his body in front. Shears made his escape, but was afterwards arrested at Newark, where he was judged.

While the Democratic-Republican procession was passing through the streets on Monday night, the young Grant Klux of the town, right under the eyes of their parents, yelled like savages, and made all sorts of insulting remarks; but on the other hand, while the Grant procession was going through the streets, a few nights previous, not a single offensive remark was made by the Democrats and Liberals. Comment is unnecessary.

Nasby Gives It Up.

The Toledo Blade (Nasby's paper), virtually gives up the contest. In a long and pointed article, it rebukes its party for its many sins of omission and commission, and then declares that unless the Republican party reform upon its banner, "the Democratic party will, and with them that party will march to victory. And they are compelled by such to say that the influence gained by certain selfish managing and unprincipled Republicans over the appointments of the Executive, seems to be making the march of that party to power by this method a very easy one."

The Cincinnati Commercial (Liberal) claims that Hamilton county may be relied upon for Greeley by a majority of not less than three thousand, and the Enquirer thinks the majority will be five thousand. A similar change all over Ohio will give the State to Greeley by twenty-five thousand! Push on the column.

T. N. Hickman, a one-armed soldier of Morroon county, who is pretty well known in Mt. Vernon, has cut loose from the Grant party, and has come out for Hon. Horace Greeley. He has sent a challenge to Mr. J. W. Robinson, the Grant candidate for Congress, to meet him in public debate, but that gentleman is silent on the subject.

The Liberals and Democrats of New Hampshire are confident that they will secure a majority of 5,000 for their candidates in November. The Radical majority in that State in March last was only 700.

At Ironton, on Friday night, George Heights shot at his wife, but missed her and shot a boy named Rumbaugh, who died from the wound Saturday. Heights was arrested.

A patent has recently been issued to a man in Columbus, for a marbled-state coffin, the sides, ends, and both upper and lower pieces being of this material, fastened together by screws.

A nine year old boy, Geo. Benedict, in Paris, Portage county, used coal oil the other morning, to start a fire. He started it and himself also, but probably will live to try it again some day.

John Hart's horse was stolen from Elyria a few nights since. Over a dozen horses have been stolen from Lorain county during the past year. A Vigilance Committee is to be organized.

At a political meeting in Liberty township, Henry county, a few days since, a cannon exploded, broke one man's shoulder and injured less seriously several others.

A 40 lb. piece was thrown into a school house but hurt no one.

The Columbus Journal of Monday week says that Mrs. Nancy Roberts, of Delaware, lost at the Franklin County Fair, a pocket-book containing \$175 in money, and notes to the amount of \$3200.

The Ashland Times says that Mr. Jacob Gibson, near Savannah, in that county, has two cumberboms growing in his garden, one of which is six feet two inches in length, and the other six feet one inch. He proposes to pickle them when they get done growing.

A young woman named Margaret Outler was killed at Mansfield on the 5th inst., in a singular manner. She was eating her supper, while a small boy, named Charles Willis, a nephew, was playing with his father's revolver in the room.

The revolver was accidentally discharged, the ball entering her heart, and producing instant death.

Within the past ten days, Newark has lost two of its young men, both natives of the place, and both of them victims of consumption. The first was Charles Warner, son of L. K. Warner, Esq., a young man of promise and possessing many friends. The other was Albert K. Knight, a young man of much amiability and greatly endeared to his friends.—Advocate.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Croup, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, none has been more real value than this effective remedy for all diseases of the Throat and Lungs. A vast trial has shown that it does surely and effectively cure your best chronic ailments.

control them. The testimony of those who have used it, of all classes, establishes the fact, that AYER'S PECTORAL will do relief and cure the most dangerous affections of the Pulmonary Organs. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the fore-runners of more serious diseases, unnumbered lungs, and an amount of suffering need to be confuted. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unpithecious attack of Pneumonia, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence, and no nurse can be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, Ayer's Pectoral is invaluable; for, by its timely use, multitudes are rescued from premature graves, and preserved to the love and affection centred on them. It acts speedily and surely against ordinary colds, secures sound and health-restoring sleep. No one will suffer from Pleurisy or Catarrhs of the Lungs, when they know how easily cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil spared, the result is a medicine of almost perfect perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and as being the most efficacious and memorable as the greatest it has ever effected.

Ayer's Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and safe, did effecting the preservation of the hair. It soon restores faded or gray hair to its original color, with the gloss and freshness of youth. Thin hair is thickened, falling hair checked, and baldness often though not always cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and supple. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so unpleasantly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit, but not harm the hair. Merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.
